Issue 2, December 2016

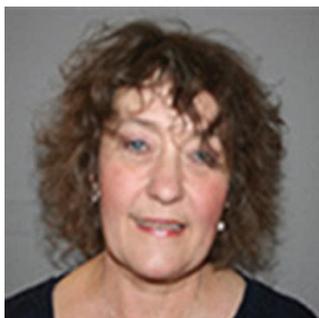

A plan has been agreed...

We asked you for ideas in 2016 about what Sefton should be like in 2030 and what things are important to you for the future.

We listened to what you said and we made a plan.

Cllr. Lappin

Cllr. Hardy

Councillors said the plan was good.

Councillors are chosen by you to make decisions for people in your area.

The council and partners will work together to make the plan happen.

Sefton have got lots of good things such as the coast.

But Government cuts will change how we can do things.

How much money the Council has to spend has been cut. We have lost £169 million pounds since 2011.

More cuts are coming and we will need to save another £64 million by 2020.

We know this will be hard.

But we want to make Sefton a good place in the future.

It will take time to make the changes but we will always tell you what is happening.

Together a stronger community		A borough for everyone		A clean, green and beautiful borough	
	Living, working and having fun		On the move		
Visit, explore and enjoy			Ready for the future		Open for business

You said, we're doing...

You Said ➡

Getting a job is important.

We're doing ➡

Sefton@Work has been helping people to get jobs. They are also working with young people and teaching them as they work.

A big employer in Bootle is getting bigger so there will be new jobs.

You Said ➡

Our town centres need to get better.

We're doing ➡

We have plans for Southport and Bootle to change and be a place where businesses and shops want to be in the future.

This will take time and lots of money.

You Said

To tell people - Sefton is a great place to come and do business.

We're doing

We are working to let people know how great Sefton is. We have started by making a short film which is on YouTube.

You can watch this by clicking on the link below or by visiting Sefton's website.
